52.212-1 INSTRUCTIONS TO OFFERORS--COMMERCIAL ITEMS (OCT 2000)

(a) North American Industry Classification System (NAICS) code and small business size standard. The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF

- 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.
- (b) Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show--
- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3;
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.
- (c) Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.
- (d) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.
- (e) Multiple offers. Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.
- (f) Late submissions, modifications, revisions, and withdrawals of offers:
- (1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due
- (2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is

received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--

- (A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or
- (B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or
- (C) If this solicitation is a request for proposals, it was the only proposal received.
- (ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.
- (3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.
- (4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.
- (5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.
- (g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.
- (h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

52.212-2 EVALUATION--COMMERCIAL ITEMS (JAN 1999)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

Instructions to Offeror's and Evaluation Factors for Award

THE OFFEROR SHALL PROVIDE THE FOLLOWING INFORMATION:

Each offeror must submit an offer/proposal and other written information in strict accordance with these instructions. When evaluating an offeror the Government will consider how well the offeror complied with both the letter and spirit of these instructions. The government will consider any failure on the part of the offeror to comply with both the letter and the spirit of these instructions to be an indication of the type of conduct it can expect during performance under the purchase order. Therefore, the Government encourages Offeror's to contact the contracting officer by telephone, facsimile transmission, e-mail, or mail in order to request an explanation of any aspect of these instructions.

Offeror's are required to follow these specific instructions in submitting their information. Failure to do so may result in the Offeror's submission being determined unacceptable and ineligible for award. Each Offeror's submission shall be screened by the Contracting Officer or a designee upon receipt to insure compliance with the instructions contained in the RFQ. Elimination of an offeror for failure to follow the specific instructions in the RFQ is at the sole discretion of the Contracting Officer.

Exceptions: Offeror's are not encouraged to take exceptions to this solicitation however, any exceptions taken to the specification, terms and conditions, or the solicitation in general shall be explained in detail and set forth in a cover letter. Offers are to detail the particular clause, paragraph, and page to which they are taking exception.

OFFERORS SHALL ADDRESS THE FOLLOWING FACTORS:

- 1. Price
- 2. Past Performance
- **1. Price** The offeror shall provide an executed copy of the RFQ with all pricing appropriately filled-in and all representations/certifications completed.
- **2. Past Performance** Past performance is a measure of the degree to which an offeror, as an organization, has during the past three-(3) years: (1) satisfied its customers, and (2) complies with federal, state, and local laws and regulations.

Offeror's must provide the past performance information or affirmatively state in writing that it possesses no relevant past performance information. Failure to do so may result in the offer being determined unacceptable. Offeror shall provide a minimum of three references on the Past Performance Matrix, (Enclosure 1). The references should be able to provide information regarding the Offeror's past performance during the past three (3) years regarding: (1) the quality and timeliness of the offers work; (2) the reasonableness of its prices, costs, and claims; (3) the reasonableness of its business behavior – its willingness to cooperate and helpfulness in solving problems; (4) its concern for the interests of its customers; and (5) its integrity. The Past Performance Matrix shall contain the following information:

- a) Contract Number
- b) Who was the contract with (name of agency/company)?
- c) Point of contact and telephone number of the contracting officer or contracting Officer's representative
- d) Dollar value of the contract
- e) Detailed description of the work performed
- f) Was work completed on time with a quality product delivered without any? Degradation in performance or customer satisfaction
- g) Number, type, severity of quality, service, or cost problems in performing the Contract, corrective action taken, if any, and the effectiveness of the corrective Action.

The offeror will submit the Past Performance Questionnaire (Enclosure 2) to each of the references listed on the Past Performance Matrix. The offeror shall instruct the references to complete the Past Performance Questionnaire and return it no later than 7 June 2002.

Directly to:

Naval Surface Warfare Center 101 Strauss Avenue Indian Head MD 20640-5035 Attn: Georgia Warder, Code 1143A, and Bldg. 1558

The past performance questionnaires may be faxed to Georgia Warder's attention at (301) 744-6670 or e-mailed to warderga@ih.navy.mil

The Offeror's selected references must be listed on the Past Performance Matrix. Failure of the references to submit the Past Performance Questionnaire to the contract specialist within the requested timeframe may result in the inability of the government to rank the Offeror's past performance.

The offeror shall explain, if any, the role that subcontractors have played in contributing to the successes and/or failures of the offeror and to what extent subcontractors performance has contributed to the past performance evaluation.

EVALUATION FACTORS FOR AWARD

- 1. Since an Offeror must comply with the instructions contained in the Instructions to Offeror's it behooves an offeror to read carefully the instructions as the Contracting Officer may eliminate an Offeror from further consideration for failure to comply with the instructions. In deciding which of the Offeror's, complying with the instructions, is the best overall value the government will consider the following factors:
- 1.) Price Price will be evaluated by the Contracts personnel to determine fair and reasonableness through the most appropriate method available.
- 2.) Past Performance Past Performance shall be evaluated based on information received from the references submitted by each offeror and/or based on the Government's own knowledge based on experience with prior or current contracts with an offeror. The assigned ratings shall be based on the following:

Excellent - A significant majority of the sources of information are consistently firm in stating that the Offeror's performance was superior, and they would unhesitatingly do business with the offeror again. Complaints are negligible of unfounded.

Good - Most sources of information state that the Offeror's performance was good, deliverables are on time and meet contract requirements and they would be willing to do business with the offeror again. Complaints are few and relatively minor. Performance met expectations. Requests for cost adjustments and extensions of contract periods of performance are very infrequent. When a problem arises, the offeror reacts in a prompt, efficient, and effective manner to resolve the problem and minimize any delays.

Average - The Offeror's performances were between good and average and consideration would take part in awarding a contract to the offeror again. The contractual performance reflects a problem for which the contractor has not yet identified corrective actions.

Poor - A significant majority of sources of information are consistently firm in stating that performance was entirely unsatisfactory and that they would not, under any circumstances, do business with the offeror again. Customer complaints are substantial or numerous and well founded. Offeror has either presented no persuasive evidence of having taken appropriate corrective actions that will guard against such conduct in the future or it appears unlikely that the corrective action will be effective. The government/company and the offeror have expended a significant amount of time, effort, and cost in resolving problems. Failure to perform consistently has resulted in terminations and failure to provide customer service.

Neutral - Offeror has asserted that offeror does not possess any relevant directly related or similar past performance. The offeror receives no merit or demerit for this factor.

2. The government shall award a purchase order resulting from this solicitation to the responsible offeror whose submission, complying with the instructions and conforming to the solicitation, represents the best overall value on the basis of an integrated assessment of the evaluation factors for award. Once all evaluations are completed the government will make a series of comparisons among the Offeror's by comparing the past performance evaluation ratings and the proposed prices. From these comparisons the government will determine the offeror who offers the best value to the government. This is a subjective evaluation process.

- (b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).
- (c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of clause)
